**Instructor:** Thomas Goehring, Pennsylvania Rural

**Location:**

Comfort Inn  
100 S. 4th Street  
Huntingdon, PA 16652-1474

**About the Class:**

Each utility is responsible for ensuring that its system stays in good working order, regardless of the age of components or the availability of additional funds. Water and Sewer systems deteriorate over time and develop cracks, breaks, and blockages if not properly maintained. This training is designed to explore the elements of CMOM and Asset Management as it relates to water and wastewater utilities. Using a case study and scenario, learners explore the process of developing a CMOM/Asset Management Plan so that they are able to develop a utility-specific plan.
