

WE ARE HIRING SUPERINTENDENT WASTEWATER TREATMENT PLANT

If you're a strategic, forward-thinker ready to take charge and make a lasting impact, consider applying with us!

Here, you'll have the opportunity to lead with purpose as you oversee daily operations of our 17-acre site plant facility designed to handle a flow of 4.92 million gallons per day. Our Plant utilizes advanced technology, certified skilled personnel and a commitment to sustainability serving the communities of Bethel Park & South Park in Allegheny County Pennsylvania.

Requirements:

- A bachelor's degree in biology, chemistry or environmental science. Additional technical training in wastewater collection systems preferred.
- A minimum of 5 years' experience in wastewater treatment with a minimum of 3 years supervisory experience.
- A PA Class A or B Wastewater Treatment Plant Operator's certificate and a PA driver's license.
- Plant operates around the clock, 365 days year. Must be available to be on call any day/time as needed.
