**Date:** October 8, 2025

**Class Time:** 8:00 AM to 1:30 PM

**Contact Hours:** 4 Water & Wastewater Hours

**Instructor:** Michael Emery

**Location:**

Doubletree

340 Racetrack Road

Washington, PA 15301-8914

**About the Class:**

Does your system have up to date maps that can provide accurate and reliable information? Having accurate maps will help make the problems that arise from Emergency response, leak detection, storm water management, and collection system maintenance easier to pinpoint and solve. This introductory class will provide operators the opportunity to learn the ins and outs of GIS and how a developed mapping program can better equip their system with the tools necessary to tackle problems using technology.
