**Contact Hours:** 6 Water & Wastewater Hours

**Instructor:** Thomas Goehring

**Location:**

Quality Inn  
300 Tarentum Bridge Road  
New Kensington, PA 15068-4628

**About the Class:**

Each utility is responsible for ensuring that its system stays in good working order, regardless of the age of components or the availability of additional funds. Water and Sewer systems deteriorate over time and develop cracks, breaks, and blockages if not properly maintained. This training is designed to explore the elements of CMOM and Asset Management as it relates to water and wastewater utilities. Using a case study and scenario, learners explore the process of developing a CMOM/Asset Management Plan so that they are able to develop a utility-specific plan.
